
Acevedo Belt, P.A. welcomes attorney Tyra Read to our team

Acevedo Belt, P.A. welcomes attorney Tyra Read to our team. For over two decades, Tyra's experience has ranged from practicing with a major national law firm, to serving as a shareholder in a large statewide firm and as in-house counsel with a national construction and development company. Tyra is a Martindale AV-rated attorney who holds the unusual distinction of having finished first in both her undergraduate class and law school class. Tyra exemplifies the firm's core strategy of leveraging leading legal technology to maximize the skills and efforts of senior ex-large firm lawyers, with the goal of providing better, faster, and more efficient services to our clients. Tyra works out of Fort Meyers where she has been active in a large number of civic activities, often in leadership roles.

We are also delighted to announce that Tami Rowland has become a member of our team as a legal assistant and office administrator. Tami's experience includes working for over 15 years as a closer for a major national title insurance company.

Many thanks to all of our clients and friends who have contributed to our growth over the years.
