

Acevedo Belt Featured by iManage for Building a Modern, Tech-Driven Firm

Acevedo Belt was recently featured by iManage for its innovative approach to delivering sophisticated legal services through a lean team of senior attorneys supported by advanced legal technology. The customer story highlights how the firm implemented iManage Work 10 in the Cloud as the foundation of its technology ecosystem, enabling seamless integrations, improved workflows, enhanced security, and efficient management of complex transactional matters across jurisdictions. The feature also explores how the firm leverages technology to scale high-level legal work while maintaining responsive client service and operational agility.
